SUMMARY

Highly skilled Frontend Developer with 4+ years of experience delivering robust and scalable software solutions. Adept in using modern frameworks such as Angular and React. I have a keen eye for detail and a passion for creating intuitive user interfaces. With a solid understanding of web development principles and experience with agile methodologies, I ensure timely delivery of high-quality code.

EXPERIENCE

Senior Software Engineer – Angular

elGrocer by Smiles, Etisalat • May 2025 – Present

- Working on the Smiles web app and elGrocer web app, developing and maintaining key user-facing features.
- Contributing to order and logistics dashboards, optimizing workflows for better operational performance.
- Collaborating with cross-functional teams including backend, QA, and design to deliver scalable and maintainable solutions.
- Actively participating in code reviews, technical discussions, and planning sessions to ensure code quality and timely delivery.

Software Engineer

IntelliCode Private Limited (Angular)   **June 2022 – May 2025, Lahore Pakistan**

Responsibilities

- Working as a Frontend Angular Developer on an ERP application.
- Leading and managing the support team for Algoras, addressing customer issues and ensuring smooth operations.
- Mentoring junior developers, providing guidance and code reviews to enhance their skills.
- Developing new features and functionalities, including refactoring the existing application to improve usability and user experience.
- Handling multiple Angular applications.
- Building an ECommerce Application in React Js from scratch.

Achievements

- Successfully enhanced the ERP application's user interface, resulting in improved usability and a more seamless experience.
- Contributed to the development of new features that enhanced the overall functionality of the application.
- Worked on ERP Support Team

Software Engineer

FourX Solutions Pvt Ltd   **Jan 2022 - May 2022, Lahore Pakistan**

- Worked as a Frontend Intern at FourX Solutions, a service-based company, contributing to various projects, including dashboards and inventory systems, and performing multiple development, coding, and scripting tasks.

PROJECTS

Smiles & elGrocer Web Apps (Angular)

elGrocer by Smiles, Etisalat • May 2025 – Present
